

# JOIN US FOR CAREERS HIVE LIVE+ONLINE 2021 OPEN DAY

## CAREERS HIVE 2021 live+ online

10AM–2PM ON SAT 1 MAY

### A NEW CAREERS FAIR EXPERIENCE

Help S1-S3 choose their Nat 5 subjects through this fun and interactive event that shows them the opportunities studying STEM subjects brings.

*Careers Hive* is Edinburgh Science's own take on the traditional careers fair. This year we are making it accessible to higher numbers of young people by moving the engaging experience online.

### EXPLORE STEM CAREERS

*Careers Hive Live+Online* 2021 Open Day invites you to join us in our digital careers exhibition from 10am–2pm on Sat 1st May.

*Careers Hive Live+Online* is a free, interactive online space, hosted on Gather.town, where you create your own avatar to explore a series of STEM activities and interact with STEM professionals, who will be available to answer questions about STEM careers and career paths.

This experience is aimed at S1–3 teachers, guardians and those that work with young people.

### GET INVOLVED

If you would like to join us please register your interest at [careershiveliveonline2021.eventbrite.co.uk](https://careershiveliveonline2021.eventbrite.co.uk)

### YOU MUST REGISTER INTEREST BY MONDAY 26 APRIL

Our digital careers exhibition is hosted on **Gather.town**, a compatible computer, browser and microphone are required.

Students are required to log on with a guardian.
